VITAMIN E LIQUID FOR EGG SHELL

Liquid Feed Supplement For Veterinary Use Only

COMPOSITION:

VitaminE	2.5%
Astragalus extract	5%
Soy isoflavone	0.5%
Solvents	

Description:

1. Egg shell become harder and fresh color, size become more uniform, 2. Extend laying fastigium. Increase good quality egg production 5%~8%. 3. Adjust hormone secretion, makes ideal egg production body, promote nutrition/calcium absorption and accumulation. Decrease multivitamin use quantity.
4. Strengthen liver and kidney function, strengthen organism immunity and anti-stress capability
5. Keep intestinal tract microecosystem balance, decrease digestive system disease, Reduce feed & egg ratio.

Usage& Dosage:

1. Used during laying early period (about 60 days) and laying late stage (physical laying rate drop off period).
250ml per 5,000 layers, drink intensively.
2. During disease recovery period in laying period,
250ml per 3,000-4,000 layers, drink intensively continuous 10-15 days

Note: This product is super concentrated solution, please dissolve it with suitable quantity warm water in small container before use.

Caution: This product cannot use instead of medicine. For animal health care only.

Storage : Store in cool place prevent from light. Keep out of reach of children.

Validity : 2 years

Packing : 250ml*49 Bottles/ctn

500ml*25 Bottles/ctn

1000ml*16 Bottles/ctn

Benefits

Immunity strong, Heat stress kam, Egg production & fertility better, Growth & muscle health support, Antioxidant protections, Mortality reduce

EGG PREMIX POWDER

Layer Feed Supplement For Veterinary Use Only

COMPOSITION PER G:

VitaminE	25 mg
Bacillus subtilis≥	5×10 ⁹ CFU
Astragalus extract	50 mg
Carrier upto	1 g

Description:

1. Keep intestinal tract microecological balance, decrease digestive system disease, reduce feed & egg ratio
2. Promote calcium assimilate, increase egg weight, improve egg quality, enhance egg production, extend peak production period.
3. Improve liver and kidney function, accelerate toxin and inflammatory substances elimination.
4. Strengthen organism immunity and anti-stress capability

Usage & Dosage:

1. Used during laying early period (about 60 days) and laying late stage (physical laying rate drop off period).
1kg per 1000kg feed.
2. During disease recovery period in laying period, 1kg per 500-750kg feed, continuous more than 10 days

Caution: This product cannot use instead of medicine. For animal health care only

Storage : Store in 5-25°C prevent from light. Keep out of reach of children

Packing: 1kg×15 bags/ctn or 1kg×10bags/bucket

Validity: 2 years

Benefits

- ✓ Egg production increase
- Egg size and uniformity improve
- ✦ Egg shell stronger and crack-free
- 💪 Layer's stamina and health support
- ⊘ Production drops and mortality

ACIDIFIER- ACID LIQUID

Acidifier Liquid Feed Supplement

Composition: Each Liter Contains

Citric Acid	120g	Formic Acid	40 g
Butyric acid	40g	Lactic Acid	30 g
Propionic Acid	22g	Acetic Acid	10 g
Malic Acid	5g	Sorbic Acid	2 g
Solvents upto	1L		

Description:

1. Purify water, make sure poultry drinking water safe. Use through drinking water, and also clean drinking pipe system.
2. Improve intestinal healthy, adjust poultry stomach and intestinal pH, keep beneficial bacteria normal reproduction. Protects poultry against pathogens bacteria e.g. E.coli, Salmonella spp, Clostridium spp, Campylobacter spp.
3. Prevent drinking line and papilla blocking, bacteria virus breeding, clean organic substance and residual mineral in drinking system suitable for you all kinds of drinking system.
4. Stimulates poultry flock enhance immunity.

Usage & Dosage:

1. For poultry and swine cleaning water system and health care:
1: 2000 diluted by animal drinking water during breeding period, 1~2 time per week.
2. Empty henhouse drinking system cleaning: 1:100 diluted by water steep more than 24 hours, then put out, wash 2 time by water.

Caution: This product cannot use instead of medicine. For animal health care only.

Storage : Store in cool place prevent from light. Keep out of reach of children

Validity : 2 years

Packing 250ml*49 Bottles/ctn

500ml*25 Bottles/ctn

1000ml*16 Bottles/ctn

Benefits

- 🛡️ Gut health strong 💪 Digestion & feed utilization better
- 📈 Growth fast & FCR improve 🚫 Diarrhea & wet litter kam
- ❌ Bad bacteria control (E. coli, Salmonella)
- 🌡️ Stress kam & immunity boost

Feeding The Future, Healing With Science

NUTRITIONALCARE POWDER

Poultry Functional Feed Supplement Proventriculitis /
Ventriculitis Controller

COMPOSITION: Perkg

Bacillus subtilis,

Clostridium butyricum

Total viable count $\geq 7 \times 10^8$ CFU

Yeast Extract 30g

Astragalus Extract 100g

Carrier: Prebiotics (bifidus factor, oligosaccharide)
Dextrose Attractant, etc.

INDICATION-

- Adjust intestinal flora balance , decrease enteritis and diarrhea , prevent and treatment proventriculitis / ventriculitis (muscular stomach inflammation) caused by all kinds of bacteria.
- 2 Keep poultry best physiological function at breeding early stage
3. improve immunity, increase survival rate and uniformity
4. Stomachic, attractant , promote digestion increase ingestion speed , improve FCR.

DOSAGE&ADMINISTRATION:

For poultry : 1g for 1L drinking water or 500g feed

This product cannot mix use with other medicine and vaccine, use interval time should not less than 2 hours.

STORAGE:Keep in dry storage of 5-25°C , prevent from light.

PACKING:250g $\times$ 40Bags/CTN, 1Kg $\times$ 15Bags/CTN

VALIDITY:2 years

Benefits

- Proventriculitis & Ventriculitis se protection, 💪 Digestion aur gut lining ko strong ,
- 📈 Growth performance aur weight gain improve,
- 🥚 Egg production stable, 🚫 Mortality aur sudden drops ,
- 💉 Stress resistance & overall immunity boost

MBS Nutriscience

Feeding The Future, Healing With Science

NUTRITIONAL POWDER

Broiler Special Formula

COMPOSITION: Perkg

Clostridium butyricum, Bacillus subtilis

Enterococcus faecium, Lactobacillus

Total above viable count $\geq 5 \times 10^8$ CFU/g

Prebiotics (bifidus factor, oligosaccharide)

Vitamin A 1500,000 IU

Vitamin D3 200,000 IU

Vitamin E 4,000 mg

Vitamin B1 100 mg

Vitamin B2 400 mg

Vitamin B6 600 mg

Vitamin B12 5 mcg

Vitamin K3 600 mg

INDICATION:

1. Adjust intestinal flora balance, decrease enteritis and diarrhea caused by all kinds of reasons, decrease use of antibiotic.
2. vitamin supplementation, keep broiler early stage physiological function,
3. improve immunity and anti-stress strength, increase survival rate and uniformity
4. Stomachic, attractant, promote digestion increase ingestion speed, improve FCR.

DOSAGE & ADMINISTRATION:

1. Use for broiler all through the early stage (0-15 days)
2. Use for broiler late stage (after 15 days) when short of vitamins or digestive system disease frequently occurring period keep use 5-7 days.

This Product 250g for 1000 L water or 500kg feed.

Caution: This product cannot mix use with other medicine and vaccine, use interval time should not less than 3 hours.

STORAGE: Keep in storage of 5-25°C, prevent from light.

PACKING: 250g x 40 bags / carton / drum

Benefits

- Immunity strong, Egg production & quality better
- Growth & muscle support, Stress tolerance high
- Bone & leg health strong, Mortality reduce

MBS Nutriscience

Feeding The Future, Healing With Science

ENZYME POWDER

Enzyme+Probiotic

COMPOSITION: Per kg contains

Cellulase 1×10^7 U Xylanase 8×10^6 U β -glucanase
 2.4×10^5 U Pectase 6.5×10^5 U Bacillus subtilis 1×10^{10}
CFU

Carrier: CornStarch, Phagostimulant Minerals, Prebiotics, Etc.

INDICATION:

Enzyme is a multi-Enzyme with Probiotic mixed new formula product, which has the following functions:

1. Enzymes makes up the shortage of animal secreted digestive enzyme, increase ruminants digestive & assimilate capacity.
2. Keep digestive system microecology balance, decrease digestive system disease, improve immunity.
3. Decrease ruminants stress reaction for feed, increase animals production capacity.
4. Promoting growth of bone, gaining weight, good appearance.

DOSAGE & ADMINISTRATION:

Beef, Dairy: 1kg per 500kg-1000kg feed. Goat, Sheep: 1kg per 500kg feed.
Please note that different kinds of refined feed will get little different result.

STORAGE: Keep in storage of 2-25°C, prevent from light.

PACKING: 1kg, 2kg, 5kg, 10kg, 20, 25kg / Pouch / a bag or bucket

Validity: 2 years

Benefits

- 🛡️ Gut health strong, 🍌 Digestion & nutrient absorption better
- 📈 Growth & FCR improve 🚫 Diarrhea & wet litter kam
- ⚡ Immunity boost 🥚 Egg production & quality better

Feeding The Future, Healing With Science

MYCOTOXIN CLEANER LIVER/KIDNEY PROTECTOR IMMUNE BOOSTER

Description:

This is powder form new formula toxin cleaner liver and kidney protector detoxicant and immune booster, digestive system health promoter which is composed of yeast cell wall, probiotic, herb extract widely adsorb all kinds of mycotoxin in the animal feed such as aflatoxins(AFT), zearalenone(F-2 toxin), OchratoxinA (OA), T-2 toxin and vomitoxin(DON). And reinforce immune system and promote digestive system balance.

Composition: per kg contains:

Yeast cellwall ≥200g
Bacillus subtilis ≥1*10¹² CFU
Carrier Herbal Extract Such as
Astragalus Polysaccharides & Glossy Privet Fruit Extract Etc. up to 1kg

Functions:

Powerfully prevent mycotoxins growth and absorb all kinds of mycotoxins and their metabolin, improve feed quality. Protect liver and kidney functional, in favour of toxin decomposition and metabolism. Promote feed intake by optimizing intestinal metabolism and increasing digestion. Improve animals' immunity by stimulating immune response and reduce animals' morbidity specially digestive system disease. Improve performance of production and breeding; enhance economic benefit.

Usage & Dosage:

1. Daily Healthcare and Mycotoxin cleaning: 1kg per 1000kg feed. 2. During disease period which caused by mycotoxin such as enteritis

diarrhea glandular stomach inflammation / muscular stomach inflammation
liver and kidney functional damage.
1kg per 500kg feed. Keep 5-7 days.

Packaging form: 1kg/Aluminum foil bag 15 Bags/CTN. 25 kg kraft bag.

Storage: Stored with sealed packaging in a cool, dry place.

Validity: 2 years

Benefits

- 🛡️ Gut health strong, 💪 Digestion & nutrient absorption better
- 📈 Growth & FCR improve 🚫 Diarrhea & wet litter kam
- ⚡ Immunity boost 🥚 Egg production & quality better

VITAMIN E, SELENIUM 100

Oral Solution For Veterinary Use

COMPOSITION:

Vitamin E	100mg
Sodium selenite	1.5mg
Solvents ad	1ml

INDICATIONS: Liquid-SE100 Oral is indicated for vitamin E and/or selenium deficiency in calves, lambs, sheep, goats, piglets and poultry. Encephalo-malacia (Crazy Chick Disease), muscular dystrophy (White Muscle Disease, Stiff Lamb Disease), exudative diathesis (generalised oedematous condition), decreased hatchability of eggs.

DOSAGE AND ADMINISTRATION:

For oral administration via drinking water.

Calves, lambs, sheep, goats, piglets : 10 ml per 50 kg bodyweight during 5 - 10 days.

Poultry : 1ml per 1.5-2 litre of drinking water during 5 - 10 days.

Medicated drinking water should be used within 24 hours.

Other dosages should comply with veterinarian's suggestion

WITHDRAWAL PERIOD None

STORAGE:

Store in dry dark place between 5°C and 25°C

Store in closed packing.

PACKING: 250ml*49 Bottles/ctn

500ml*25 Bottles/ctn

1000ml*16 Bottles/ctn

VALIDITY: 2 years.

Benefits

🛡️ Immunity strong, ⚡ Antioxidant protection, 🐔 Growth & muscle support

🥚 Fertility & hatchability better, 🦵 Leg weakness kam,

🚫 Mortality reduce

LIVER TONIC

Liver Tonic Oral Solution

COMPOSITION:

Sorbitol 200 mg; Carnitine 250 mg Methionine 20 mg;
Lysin 30mg; Betain 10mg Malic acid 30mg Solvents ---upto 1 ml.

INDICATIONS: LIVER-S is a metabolic enhancer & Liver-protector protects animal's the liver detoxification, reducing clinical symptoms when feed is contaminated with pesticides, mycotoxins or after long antibiotic treatment. Prevention and treatment of Fatty Liver syndrome.

FEATURES:

- Improving digestibility and metabolism of saturated fats in the feed. Promoting animal growth
- Reduces fat accumulation in liver much useful as an adjunctive therapy in hepatic lipidosis
- Improves energy metabolism management, due to its participation in various enzymatic and metabolic bio-cycles.

DOSAGE:

Fororal administration

Poultry, swine: Daily dosage of 1 ml per 2-2.5 liter of drinking water during 5-7 consecutive days.

Cattle: 1 ml per 15 kg body weight for 5-7 days.

Sheep, goats and calves : 1 ml per 10 kg body weight for 5-7 days.

Medicated water should be the only drinking source. Fresh solutions must be prepared every day.

STORAGE:

Store in drydark place between 5°C To 25 °C,

Store in closed packing.

Validity : 2 years

Packing : 250ml*49 Bottles/ctn

500ml*25 Bottles/ctn

1000ml*16 Bottles/ctn

Benefits

- Liver protect & detoxify, Digestion & metabolism better
- Growth & FCR improve, Egg production & quality boost
- Stress tolerance high, Less Mortality

MULTIVITAMIN ORALS OLUTION

Oral Solution For Veterinary Use

COMPOSITION: Contains per ml:

Vitamin A	5000IU.	Vitamin D3,	1500 IU.
Vitamin E,	25mg.	Vitamin B1,	1.5
Vitamin B2,	3mg.	mg.	
Vitamin B12,	30mcg.	Vitamin B6,	2
Vitamin K3	2mg.	mg.	
Nicotinamide	40mg.	Vitamin C,	50 mg.
Folic acid	1mg.	D-panthenol	20 mg.
Glycine	10mg.	Biotin	150 mcg.
		Choline chloride	10 mg.
		Solvents ad	1 ml.

INDICATIONS:

MULTIVITAMIN ORAL LIQUID is a well balanced combination of essential vitamins for Calves, Cattle, Goats, Poultry, Sheep and Swine.

Prevention or treatment of vitamin deficiencies in farm animals.

Prevention or treatment of stress (caused by vaccination, diseases, transport, high humidity, high temperatures or extreme temperature changes).

Improve mento feed conversion.

DOSAGE AND ADMINISTRATION:

For oral administration:

Poultry and swine : 1 litre per 2000 litre drinking water for 3 - 5 days.

Calves, goats and sheep : 1 ml per 20 kg body weight for 3 - 5 days.

Cattle : 1 ml per 40 kg body weight for 3 - 5 days.

MULTIVITAMIN-FORTE LIQUID

COMPOSITION: Each kg contains
Vit A (retinol).....3,750,000 IU
Vit E (tocopherol).....10,000 mg
Vit B2(riboflavin).....3,000 mg
VitB12(cobalamin).....12 mg
Vit K32,500 mg
Manganese sulphate: 400mg
Iron sulphate: 400mg
Lysine: 500mg

Vit D3 (cholecalciferol).....750,000 IU
Vit B1 (thiamine)3,000 mg
Vit B6 (pyridoxol).....1,000 mg
Vit C(ascorbic acid).....15,000 mg
Folic Acid.....1,000 mg
Zinc sulphate:
150mg Methionine:
1500mg

INDICATIONS:

- Quickstress reliever
- Stimulates antibodies production for better immunity. •Vaccine will be utilized properly and completely. •Improve egg production and maintains good persistency. •Broilers become more active with good growth and body weights..

DOSAGE AND ADMINISTRATION:

Fororal administration

Poultry swine:1g per 2L-2.5L water continue for 3-5 days Calves, goats and sheep : 1 g per 10kg.body weight for 3 - 5 days. Cattle : 1 gramper 20 kg. body weightfor3 - 5 days. The above mentioned dosages should be doubled when use mixed with feed. Medicated drinking water should be used within 24 hours.

WITHDRAWAL PERIOD: None

STORAGE:

Store inadry, darkplace between 5 °C and 25 °C.
Keep medicine away from children.

PACKING: 1kg×10 Bags/CTN or 25 kg Drum

VALIDITY: 2 years

Benefits

- Stronger immunity & fast recovery, Rapid growth + muscle & feather development,
- High egg production, fertility & hatchability,
- Extra strength: minerals + amino acids support,
- Stress, weakness & fatigue control,
- Mortality reduce + overall vitality improve

Tyrosine	295.3 mg
Phenylalanine	211.3 mg
Tryptophan	54.8 mg
Lactic acid bacillus	5526555 cfu
Yeast Extract	600 mg

INDICATION & BENEFITS:

Nucleotides are the building blocks that are essential for making new DNA and RNA. and to maintain metabolism and health of the body cells. Supplementation of nucleotides and peptides will increase the resistance to bacterial. Infections & significantly lower the levels of mycotoxin effect in poultry. Maintains healthy cells & keeps the phase of the growth & antibody production. To Improve Egg production, and to overcome stress & mineral deficiency. For complete upplement Vitamins, Amino acid & Electrolyte Balance. For correction of nutritional disorders with all Essential Ingredients. For Peak production and above all for THRIFTINESS of birds. For better intestinal microflora Management. As an Instant Energy for stress & diseases.

DOSAGE :

Chicks : 5-10 ml per 100 birds.
Broilers & Growers : 10-15 ml per 100 birds.
Layers : 15-20 ml per 100 birds.
Breeders : 15-20 ml per 100 birds.
Cow & Buffalo : 50 ml daily in the morning & evening.
Should be given daily for 7 to 10 days,
every month or as recommended by veterinarian.

Validity : 2 years

Packing : 250ml*49 Bottles/ctn

500ml*25 Bottles/ctn

1000ml*16 Bottles/ctn

Benefits

- 🚀 Growth & FCR improve, 🛡️ Strong immunity, 🥚 Egg production & shell quality
- 🌡️ Stress relief, ⚡ Liver & metabolism support, 🐔 Better digestion & gut health
- 🌟 Good feathering & shine

VITAMIN A LIQUID SUPPLEMENT

COMPOSITION:

Each 1 ml contains

Vitamin A: 100,000 I.U.

INDICATION & BENEFITS:

To alleviate Vitamin A deficiency, to correct nutritional rump.

Beneficial in enteritis, coccidiosis, helminthiasis for tissue repair.

Ensure Vitamin A level in combat diseases.

Assures better growth of chicks.

Improvement of egg production in layers.

Assure better vision for birds. Improve hatchability and fertility.

Develop resistance power to infections.

DOSAGE :

For 100 Birds:

Chicks : 5ml. daily.

Growers and Broilers: 8 - 10 ml. daily.

Layers and Breeders: 5-10 ml. daily.

Cow and Buffalo : 10ml. daily

Should be given daily for 7 to 10 days, Every month or as recommended by veterinarian

Validity : 2 years

Packing : 250ml*49 Bottles/ctn

WATER SOLUBLE B COMPLEX WITH VITAMIN E POWDER

COMPOSITION: EACH 5ML CONTAINS

Vitamin B1	10 mg	3	Biotin	30 mcg
Vitamin B2	mg	2 mg	Choline Chloride	20 mg
Vitamin B6	200 mcg		Iron	400 ppm
Vitamin B12	200 mg		Copper	3 ppm
Vitamin C	100 mg		Cobalt	5 ppm
Vitamin E	20 mg		Manganese	200 ppm
Methionine	30 mg		Iodine	10 ppm
Lysine	80 mg		Magnesium	60 ppm
Niacinamide	3 mg		Zinc	70 ppm
Calcium			Molybdenum	4 ppm
Pantothenate			Selenium	1000 ppm

INDICATION & BENEFITS:

Improve body weight and feed intake. Improve poor feathering and nervous disorders. Improve egg production and egg weight.

Improve hatchability. Prevent embryonal malformations & death of embryos in the shell. Stimulates natural immunity & protects liver & kidney. It improves growth and production & brings vitality back in animals and birds.

DOSAGE:

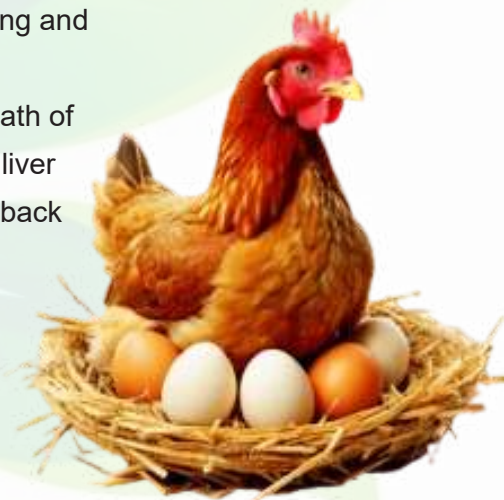

For 100 Birds : Chicks : 5-6 ml. daily. Growers and Broilers : 8-10 ml. daily. Layers and Breeders : 10-15 ml. daily. Cow, Buffalo and Horse : 30-40 ml. daily. Goat, Dog and Calf : 10 ml, per day. Should be given daily for 7 to 10 days,

Validity : 2 years

Packing : 250ml*49 Bottles/ctn

500ml*25 Bottles/ctn

1000ml*16 Bottles/ctn

Benefits

🚀 Growth & FCR improve, 🛡️ Strong immunity, 🥚 Egg production & shell quality
💊 Stress relief, ⚡ Liver & metabolism support, 🐔 Better digestion & gut health
🌟 Good feathering & shine

POWERFUL LIVER TONIC

COMPOSITION:

Each 10 ml contains

Tricholine Citrate	1500 mg
Protein Hydrolysate	100 mg
Vitamin B1	24 mcg
Inositol	10 mg
Methyl Donors	66 mg
Selenium	7 mcg
Vitamin E	20 mg
Biotin	6 mcg

INDICATION & BENEFITS:

A powerful liver tonic for quick recovery of hepatic disorders & diseases. Protects and stimulates liver in stress due to exogenic & endogenic toxins. Combats the ill effects of Hepatopathies & Nephropathies. Improves weight gain in broilers. Improves egg production in layers. Breaks down triglycerides to prevent fatty changes, controls fat deposition. Reduced incidence of Gout, Leechi and Ascites. Nullify the ill effect of toxins in feed and improves digestibility. Stimulates lipase to prevent lipid peroxide oxidation. Stimulates the production of alpha & beta lipoproteins. Stimulates the function of kidneys in maintaining water salt equilibrium. Better detoxification of toxic metabolites.

DOSAGE :

Broilers : 8-10 ml for 100 birds Layers: 10-15 ml for 100 birds. Breeders : 25-30 ml for 100 birds. Cow, Buffalo & Horse : 30-50 ml each animal per day. Calves : 20-30 ml each animal per day. Sheep, Goat & Dog : 10-15 ml each animal per day Should be given daily for 7 to 10 days, every month or as recommended by veterinarian.

Validity : 2 years

Packing : 250ml*49 Bottles/ctn

500ml*25 Bottles/ctn

1000ml*16 Bottles/ctn

Benefits

- Immunity strong & fast recovery, Heat stress control
- Growth & stamina improve, Egg production stable rakhta hai
- Antioxidant support (cells ko protect karta hai), Mortality reduce

MBS Nutriscience

Feeding The Future, Healing With Science

VITAMINS, AMINOACIDS, PROBIOTICS, LIVER STIMULANTS. LIQUID

COMPOSITION:

Each 100 ml contains Vitamin B1

Vitamin B12	4mg
Liver Extract	3.5mcg
Choline Chloride	175mg
Niacin	3000mg
D-Panthenol	30mg
Inositol	3mg
Ascorbic Acid	30mg
Saccharomyces Cerevisiae Sc-47	10mg
Alfa Amylase	2,5000million cfu
Papain	1500mcg
Protein Hydrolysate	1500mcg
Biotin	50mg
	2.5mcg

DOSAGE :

Layers : 10-15ml for 100 birds. Breeders: 20-25ml for 100 birds
Cow, Buffalo and Horse: 30-50 ml each animal day.

Calves : 20-30 ml each animal day.

Sheep or Goat : 10-15 ml each animal day
or as recommended by the veterinarian.

INDICATION & BENEFITS:

Provide additional nutrients in the form of Alfa Amylase, Papain, Protein Hydrolysate & Biotin. Immuno modulatory effect. Helps in liver regeneration. Appetiser to stimulate feed intake in animals. Supportive treatment in deficiencies. Protects liver from effect of toxins. Supportive medication in toxic condition, fatty-liver condition and other hepatic disorders. As general tonic to use regularly to enhance liver functioning. Improves FCR and weight gain. For better egg production and liveability

Validity : 2 years

Packing : 250ml*49 Bottles/ctn

500ml*25 Bottles/ctn

1000ml*16 Bottles/ctn

Benefits

- 🚀 Growth & FCR improve, 🛡️ Strong immunity, 🥚 Egg production & shell quality

ORGANIC CALCIUM

with Zinc & Magnesium Liquid

COMPOSITION:

Each 100 ml contains

Organic Calcium	1650mg
Vitamin D3	8000I.U.
Vitamin B12	100mcg
Carbohydrate	40000mg
Phosphorus	850mg
Zinc	90mg
Magnesium	300mg

INDICATION & BENEFITS:

- Increases milk production.
- Improves skeletal and muscular strength.
- Prevents milk fever and rickets.
- Optimizes fat level.
- Increases disease resistance.
- Reduces reproductive and pregnancy problem.
- Improves overall growth in broilers and growers.
- Improves egg production and egg shell strength.

DOSAGE :

- Cow, Buffalo and Horse : 50 - 75 ml daily.
- Calf, Foal and Pig : 20 - 25 ml daily.
- Sheep, Goat and Dog : 5-10 ml daily .
- For 100 Birds :
 - Growers and Broilers : 20 ml. daily.
 - Layers and Breeders : 30 to 40 ml. daily.
- Should be given daily for 7 to 10 days, every month or as recommended by veterinarian.

AQUNIC LIQUID

A Powerful & Highly Effective Water Sanitizer

COMPOSITION:

BKC Solution

(Benzalkonium Chloride I.P) 18% V/V

Citric Acid I.P 24% W/V

Inert Ingredients

INDICATION & BENEFITS:

Eliminate the disease causing pathogens viz., bacteria, virus, mycoplasma, fungi and protozoa. Sanitize drinking water. Keeping farm and hatchery hygienic. Works as a broad spectrum of activity as disinfectant. Works as a broad spectrum of activity as a water sanitizer. Ensures safety-Non corrosive. Ensures safety even in presence of birds.

Best acidifier, can be used even in presence of birds.

Removes scales, mineral deposits, junk & slime from water pipes, descale water lines. Removes all dirt deposits & keeps water clean & neat.

DOSAGE:

For Water Sanitation & Acidifier: 1-2ml in 20 liter of water. For Disinfection & Descaling : 10-20 ml. per liter of water Should be used regularly.

Validity : 2 years

Packing : 250ml*49 Bottles/ctn

500ml*25 Bottles/ctn

ENERGY POWDER

For Instant Energy & Remedy for Heat Stress

COMPOSITION:

Each 100 grams contains:

Sodium Chloride	1.5 gm
Potassium Chloride	5.0 gm
Glycine	3.5 gm
Manganese Sulphate	6.5 gm
Magnesium Sulphate	1.7 gm
Calcium Lactate	1.5 gm
Sodium Bicarbonate	1.0 gm
Sodium Citrate	2.5 gm
Vitamin C	1.2 gm
Calcium Hypophosphate	0.8 gm
Lactobacillus Acidophilus	3500x10 (square) 8

INDICATION & BENEFITS:

Prevents dehydration & improves immunity.
Provides instant source of energy. Enhances intestinal microflora, depleted due to heat stress. Maintains calcium & magnesium level which is essential for egg shell formation.
Prevents mortality due to heat stress.
Maintains performance and production.

DOSAGE:

For Poultry:
For 100 birds : 1 gm in 2 to 4 liter of water
or 250 gm per ton feed
For Cattle:
10-20 gm per animal per day.
Dosages should be doubled in the condition of severe diarrhea & dehydration

PACKING: 200g, 500g, 1kg, 5kg Aluminium pouch/Jar/Bucket

VALIDITY: 2 years

Benefits

PACKING SOLUTION

Some Fast Running Type Packing Material

✦ Packaging Solutions by MBS Nutriscience ✦

At MBS Nutriscience, we understand that packaging defines product quality, safety, and brand identity. We provide innovative, durable, and customized packaging solutions designed for every industry need.

✦ Our Range of Packaging:

- ◆ HDPE Bottles – Round, Designer, Side Handle, Burfy Cut, Cane, Dolu & Twin Mouth designs in all colours & sizes, tailored as per product requirement.
- ◆ PET Bottles – Premium clarity, strength, and versatile options for multiple applications.
- ◆ Aluminium & Metal Bottles – Strong, secure & export-friendly packaging.
- ◆ Pouches – Standy aluminium pouches in matte & shine finish, available in white, black, red & other colours. Printed pouches for bulk & commercial orders.
- ◆ Bags – Jute bags, gunny bags for bulk & eco-friendly packaging solutions.
- ◆ Buckets – 1 kg to 25 kgs in round & square designs, durable and easy to handle.
- ◆ Customized Solutions – Shape, size, and colour can be adapted as per your brand and product needs.

✦ Our packaging ensures maximum product safety, extended shelf life, easy handling, and premium visual appeal – helping your brand stand out in competitive markets.

✦ From concept to creation – we deliver packaging that protects, performs, and promotes.

Custom Packaging Available

🛡 Bottles, Buckets, Cans & Poly Bags available, Packaging as per customer demand & preference, Easy handling & storage friendly, Suitable for all types of feed & supplements
